

PERFIL

Hello my name is Anaïsa but I go by Isa for most people and I am 31 years young woman. I am now living in North Rhine-Westphalia but moving to Munich in December for the new year coming.

Most of my life I have been in the hospitality sector, but in my head I have always been amazed in how people work with computers since

I didn't own one for several years. This year I decided to start a new challenge and change my career path. So I invested first in a laptop (MacBook Air) and after some searching

I found SheCodes Workshops who are definitely the best out there for teaching absolute beginners.

I am a person who works very well with a team or by myself, fast learner, good organisation skills and great work ethic because I always

commit 100% in new professional challenges.

I very easily integrate to new situations and work environment's.

The several work sceneries I have had is what has helped me acquire all this qualities.

Dishoom, Edinburgh, Scotland

Server 06/19- 08/20

Cocktail Bartender 12/18 - 06/19

I've started my career with this restaurant chain as a bartender where I continued to develop my knowledge and execution of all the drinks specified for the restaurant. When an opportunity came up to progress to a server position I decided I should try and was the successful one. This positions are solely internal applications due to the high level of knowledge you are needed to have about all the products, ingredients and drinks. Working in Dishoom was a very fundamental enriching experience that I enjoyed a lot.

Old Poison Company, Edinburgh, Scotland

Sales Assistant/ Bartender - 01/2018- 11/2019
